WARRANTY

VIA's Lifetime Warranty

This warranty is given to the initial purchaser and is valid for as long as the product is owned by the original purchaser. This warranty is in effect from the date of original sale and covers defects in materials and craftsmanship found during normal single shift usages; single shift usage is five (5) days a week, eight (8) hours a day. See "Applicable Warranty Periods" below.

Products covered by this warranty will be either repaired or replaced at VIA's discretion. Product repair or replacement of any defective part is the customer's exclusive remedy for any and all product defects. Labor is not included. VIA accepts no other responsibilities or liabilities. Only those items free of misuse, abuse, accident, alteration, unauthorized repair, or damage by fire, flood, or other acts of God will be covered. This warranty applies to all VIA products manufactured after July 1, 2007.

Applicable Warranty Periods

- All foam cushions, structural components, and non-moving parts are warranted for life.
- Adjustable arms, pneumatic cylinders, and casters are warranted for ten (10) years.
- Seating mechanisms (i.e. adjustment controls) stack chairs (Cali and Camden) are warranted for six (6) years.
- The performance of VIA's in-stock fabrics and leathers are warranted against defects for two (2) years.
- Swopper is warranted for five (5) years.
- Mesh back fabric is warranted against defects over and above normal wear and tear for two (2) years.

Warranted Chair and Chair Control Weight Capacities

Warranty Exceptions
- Normal wear, fading, and COM/COL are not covered under this warranty.
- VIA does not warranty the matching of colors, patterns, or dye lots, except to within commercially acceptable standards.
- Schukra, Air Lumbar and all electronic components are warranted for one (1) year from the date of purchase.
- The Air Lumbar Support System is warranted for one (1) year from the date of purchase.
- Custom products have no warranty.
- Warranties which cover multiple shifts (for use that exceeds 8 hours per day) are available for all VIA products. Please contact the VIA customer service department for details on multiple shift warranties.

Warranty Claims

- Please do not return the product without prior authorization from VIA.
- Please send a written notification of the defect to VIA along with a copy of the original invoice.
- Please contact VIA customer service at (800) 433-6614 for details.

Fabric, Leather & Wood Variations

- Due to natural variations in materials, furniture containing leather or wood is sold subject to normal variations and/or irregularities of color, texture and grain.
- VIA is not responsible for slight differences in fabric color due to supplier dye lot differences on large orders or on repeat orders.

Product Design

- VIA designs and manufactures all of its products in accordance with the ANSI/BIFMA standards.
- VIA reserves the right to make changes in design and construction or discontinue products without prior notice.
- All dimensions noted herein are approximate and subject to slight deviation.

GENERAL INFORMATION

Lead Time Exceptions

IMPORTANT: ALLOW ONE ADDITIONAL DAY FOR ORDER PROCESSING

- **Sienna:** Allow 48 hours for every 5 seat and back section.
- **Custom Stain:** Allow 4 days for every 10 chairs with custom wood stain.
- **TB-133 product:** Allow 3 days of manufacturing time for every 10 chairs on your order.

VIA makes no guaranty on our Quick-Ship items, but will make every effort to completely fill orders as quickly as possible. VIA is not liable for delays in our manufacturing processes due to delays from suppliers, strikes, lockouts or other labor difficulties, transportation difficulties, accidents, fire, war, riot, non-compliance with government regulations, acts of God or any other causes of delay.

Prices

- Prices herein are list prices and include freight (FOB destination) within the 48 contiguous United States.
- Zonal restrictions apply to Alaska, Hawaii, Puerto Rico, Guam, Canada and Mexico.
- The best method of shipping is determined by VIA.
- All packaging and crating (when required) is included.
- Prices are subject to change without notice, prior to order confirmation. List prices are subject to trade discount for qualified purchasers.

Terms

- Existing customers with approved credit; Terms are Net 30 Days. Past due accounts are subject to a monthly service charge of 1.5% (18% APR)
- All orders placed without approved credit must be pre-paid in full.
- First Time orders with approved credit must be accompanied by a 50% deposit with balance due 30 days upon shipment. If you do not have a pre-printed list of credit references, a blank credit application may be requested by calling our accounting or credit department.

Credit

- Credit should be established in advance of placing an order with VIA to allow time for credit verification.
- A credit limit will be determined upon acceptance of satisfactory references.
- If an open account has not been established by the time of shipping, first time orders should be accompanied by a 50% deposit with balance due 30 days upon shipment. If you do not have a preprinted list of credit references, a blank credit application may be requested by calling our accounting or credit department.

Changes & Cancellations

Whenever possible, VIA will accept reasonable changes to orders under the following conditions:

- The request is received in time to be modified (before the fabric is cut).
- The changes may incur some additional charges (i.e. if the change is made after the fabric is cut).
- COM and COL orders cannot be changed or cancelled without restocking charges.

Expedited Freight / Freight Claims

- Expedited freight charges for Fedex overnight, second and third day delivery are available, at an additional charge. Call VIA customer service for a quote.
- Freight claims - All damage claims should be filed with VIA within five (5) days of receiving merchandise. Merchandise is sold FOB delivered, with ownership transferring to the purchaser FOB Reno factory. All VIA products are carefully inspected and securely packed prior to leaving our facility. The customer accepts responsibility for damage including concealed damage. Before accepting a shipment from the carrier, check for visible damage. Describe the visible damage on the freight carrier's delivery receipt. If damage is concealed, contact VIA without delay requesting inspection. If this inspection is not obtainable, describe the damage in writing, giving the date the damaged product was received and file a claim with VIA.

Returns

- Returns are not accepted without prior consent from VIA and must have an RGA# (Returned Goods Authorization Number) assigned by VIA.
- Authorized returns are subject to a 25% restocking charge depending on the reason for the return.
- Shipping costs for returned merchandise must be pre-approved by VIA.
- VIA will not be responsible for any additional charges not pre-approved by VIA customer service.

Literature Errors & Omissions

Every effort has been made to ensure that all VIA literature, including this Price List, is up-to-date at the time of printing. However, VIA is not responsible for errors or omissions, or consequences resulting from those errors or omissions.

- Allow one day for processing - per order
- COM/COL - 48 hours start when manufacturer check in fabric or leather

CAL-117

All VIA seating manufactured with VIA in-stock fabrics meets the requirements of CAL-117. COM fabrics are not guaranteed to pass CAL-117. Please contact the supplier of the COM directly to determine the flame-retardancy of any COM supplied to us.

TB-133 (California Technical Bulletin 133)

-21TB133 O Task/Stack add $40 List Executive add $64 List Lounge add $59 List per-seat (Seat includes: Two arms/seat/back)

To specify a chair with TB-133 (fire proofing), you must also specify upholstered back shell: 22UBF or 22UBL and add the appropriate list price.

Please Note: Additional COM/COL is required for TB-133! Please send in COM/COL requirements for seat/back cushions and the back shell.

The chairs presented within this price book, unless otherwise specified, do not meet California Technical Bulletin 133 (TB-133). Most VIA chair models can be prepared to meet the flame-retardant requirements of California Technical Bulletin 133 (TB-133) and the Boston Fire Code. In order to comply with these fire codes, VIA must upholster the chair twice: once with a flame-retardant material (i.e. Kevlar®), and secondly with a fire rated fabric. Additionally, most plastic components (i.e. seat pan, back shell, shrouds etc.) must be either removed or completely upholstered with a flame-retardant material. Please note, any chair models specified to comply with TB-133 may not resemble what is photographed in any of our marketing materials after the above mentioned modifications have been made. VIA is not responsible for determining the appropriateness of TB-133 compliance. Check with your local building departments to determine if TB-133 is required on your order. TB-133 cannot be applied to the Cali chairs. To specify TB-133 on VIA chairs please refer to the pricing pages within this price book.

-21TB133-FRBSU O Fire retardant plastic back shell. Available on Brisbane mid back only. No need to upholster back shell. Add $54 List

The fabrics below are not stocked at VIA

Allow 7-10 days for delivery of fabric and leather plus 4 days to check in - Subject to manufacturers availability.

The fabrics and leathers on this page have been graded into the VIA price list for your convenience. VIA has established buying agreements with Maharam and Momentum fabrics and Garrett Leather. VIA will place the order with Maharam, Momentum or Garrett Leather on your behalf. To order, simply specify either a Maharam or Momentum fabric or a Garrett leather on your purchase order, at the appropriate grade, and we will take it from there.

Maharam Fabrics - For fabric samples please call Maharam Fabrics directly at 800.646.3943

The fabrics & leathers in this graded-in COM/COL program are subject to availability from the manufacturer. There may be occasional stocking conditions that might affect delivery. The manufacturer reserves the right to discontinue patterns and/or colors from its program. This selection of textiles signifies only that the fabrics have been graded-in for possible use on VIA seating products (see the VIA Warranty). Graded-in COM/COL materials do not constitute any warranty, or any responsibility on the part of VIA as to appearance, behavior, or durability of the fabric. All conditions involved with managing COMs and COLs apply to this graded-in program. Please contact one of our customer service representatives with further questions.

MUST BE TAGGED WITH RELEVANT PO# - 4 DAYS FOR COM/COL TO CHECK IN - SUBJECT TO MANUFACTURER'S AVAILABILITY

Our VIA 48-hour manufacturing process starts after we receive and check in the COM or COL from the supplier. VIA assumes no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular may not meet your satisfaction due to the design of certain products. Please be advised that products upholstered in COM/COL are not subject to return to VIA. VIA reserves the right to reject COM fabrics that, in VIA's opinion, are unsuitable for its products. VIA can determine this within 48 hours of receipt of the COM/COL sample. Under no circumstances will VIA be responsible for shortages or flaws in the material or other such problems. VIA will not be responsible for any costs associated (i.e. return freight and/or restocking charges) with rejected COM or COL materials. In order to meet delivery deadlines, we assume that our customers are aware of any undue delays in the shipment of their ordered fabrics. Once the COM has been accepted, VIA assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness, material defects, color inaccuracies, dye lot variations, or any other flaws related to the fabric quality after upholstered on a VIA product. If you have doubts of the ultimate appearance of a certain covering, please order a sample cushion or chair upholstered in the specific COM or COL.

COMs and COLs should be sent prepaid to: VIA Inc., 205 Vista Blvd., Sparks, NV 89434

In order to provide a cross reference for our production department, and to ensure accuracy on your order, both your purchase order and the arriving COM or COL must include the same detailed labeling information (such as a description of the fabric and/or leather, pattern and color number), and which of the VIA items are to be covered with the arriving COM/COL.

We will be happy to supply yardage requirement quotes for large quantities of material where economies may be realized. Please contact VIA customer service for a requirement quote.

Yardage requirements shown in the price list are based on non-directional goods with a width of 54". Fabrics less than 54" wide or those requiring matching stripes, prints, or matching large pattern designs require additional material. Add the following yardage for stripes, plaids, or patterns with repeats:

FABRIC WIDTH	PLAIN FABRIC	2" - 14" REPEAT: ADD FABRIC	15" - 24" REPEAT: ADD FABRIC	25" - 27" REPEAT: ADD FABRIC	28" - 36" REPEAT: ADD FABRIC
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	45%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

TASK CHAIR, SEAT SIZE SELECTOR

This reference helps select the chair control and the A, B, or C size seat cushions for Terra, Riva Brisbane and Voss. D size seat available on Brisbane only. Height and weight are key indicators of suitable control and cushion choice. Since the B-size seat cushion is designed to fit a broad range of people, VIA recommends it to users who fall into the A/B category.

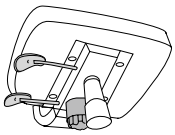
CONTROLS & MECHANICAL FUNCTIONS
PLANNING GUIDE

VIA offers a wide range of function levels on our seating products. The descriptions and illustrations below are designed to introduce you to the mechanical functions and the primary advantages of our controls.

-2C Basic Swivel Control

-2C Basic Swivel Control: Use for a variety of tasks and - Weight capacity 400 lbs.

-3C Active Back Control
Seat slider option (-12SS)

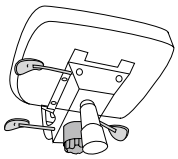


-3C Active Back Control: Use for a variety of tasks and conferencing.
Back rocks or locks; seat is fixed with solid support. Also for use with Big & Tall.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Infinite back angle lock
- Back recline tension control
- Seat angle is fixed
- Ratchet back height adjustment
- Sliding seat (optional)
- Weight capacity 350 lbs.

-5C Advanced Ergo Control
Seat slider option (-12SS)

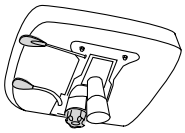


-5C Advanced Ergo Control: Use for intensive work and heavy computer use.
Our most ergonomic control offers a complete range of quick, precise adjustments.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Five-position back angle lock
- Back recline tension control
- Sliding seat (optional)
- Seat angle adjusts from 0° to 5°
- Seat and back free float independently
- Ratchet back height adjustment
- Weight capacity 300 lbs.

-6C BioSync Knee Tilt Control
Seat slider option (-12SS)

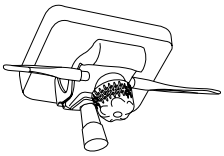


-6C BioSync Knee Tilt Control: Use for superior ergonomic control. Seat and back are linked in a 2:1 tilt ratio with a full 22° travel range. Provides tilt-lock for the ultimate in task versatility.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Ratchet back height adjustment
- Six-position tilt-lock 2:1 ratio
- Tilt tension control
- Infinite seat angle adjustment
- Sliding seat (optional)
- Weight capacity 300 lbs.

-15C Two Paddle Tilt
Six-Position Lock - Executive

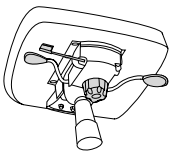


-15C Two Paddle Tilt Six-Position Lock
Combines clean styling with a smooth synchronized tilting action.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Two paddle adjustment
- Seat and back tilt as a unit
- Reduced rise on front seat edge
- Six-position tilt lock
- Weight capacity 275 lbs.

-17C Three-Position BioSync Knee Tilt Control
-18C (-17C With seat slider)

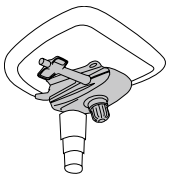


-17C /-18C Three-Position BioSync Knee Tilt Control
Combines clean styling with a smooth synchronized tilting action.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Ratchet back height adjustment
- Seat and back rock or lock in a 2:1 ratio
- Tilt tension control
- Upright position tilt lock
- Three seat angles (0°, 3°, 6°)
- Weight capacity 300 lbs.
- Reduced rise on front seat edge
- Sliding seat (optional)

-24C Three Position Posture Back Control
Seat slider option (-30SS)

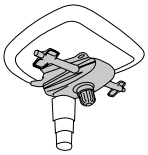


-24C Three-Position Posture Back Control
Smooth newly designed posture control, seat is fixed, back locks in three positions.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Three - position tilt-lock
- Weight capacity 275 lbs.

-29C Full Syncro Control
Forward Tilt / Seat Slide



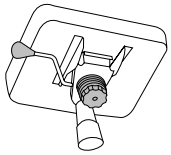
-29C Full Function Button Activated Synchro Control: With side tension adjuster
Full Syncro button activated, forward tilting action with three-position back lock.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Two-button forward tilting adjustment
- Three-position back tilt lock
- Seat slide included
- Weight capacity 275 lbs.

Available Control Options

-11C Single Position Knee Tilt Control
-12C Single Position Knee Tilt Control
-13C (-12C With seat slider)

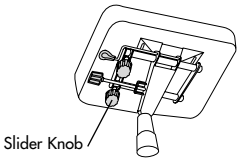


-11C Single Position Knee Tilt Control: Used with single shell seat and back.
-12C/-13C Single Position Knee Tilt Control: Used with split seat and back - 12C includes ratchet back.
Combines the best traditional performance with simple executive function. Allows a full range of movement. Combines clean styling with a smooth knee tilting action.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Ratchet back height (12C models only)
- Seat and back tilt as a unit
- Tilt tension control
- Upright position tilt lock
- Sliding seat (- 12C only)
- Weight capacity 275 lbs.

-32C Dual Torsion Bar Knee Tilt Control - W/Seat Slide

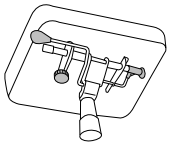


-32C Dual Torsion Bar Knee Tilt Control
Use for superior ergonomic control with executive comfort. Seat and back are linked in a 2:1 ratio with a full 21° travel range and infinite tilt-lock for the ultimate in executive versatility.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Infinite position tilt lock
- Tilt tension control
- Sliding seat included for high-back models: Bergen, Essex and Oslo
- Weight capacity 300 lbs.

-37C Single Torsion Bar Knee Tilt Control

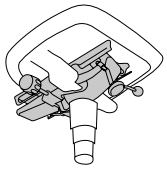


-37C Single Torsion Bar Knee Tilt Control: Use for superior ergonomic control with executive comfort for Big and Tall. Seat and back tilt as a unit.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Forward position tilt lock
- Tilt tension control
- Sliding seat (N/A)
- Weight capacity 400 lbs.

-40C Torsion Syncro Knee Tilt Control
With seat slider

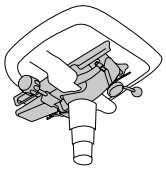


-40C Torsion Syncro Knee Tilt Control: Large seat only
Superior ergonomic syncro control, for heavy duty executive comfort. Unique crank back tension adjuster, infinite locking and integrated seat slider.

Mechanical Functions:

- Swivels 360°
- Gas cylinder seat height adjustment
- Infinite position tilt lock
- Tilt tension control
- Sliding seat included
- Weight capacity 300 lbs.

-41C Torsion Syncro Control
With seat slider/Ergo-Tilt Seat



-41C Dual Torsion Bar Knee Tilt Control: Large seat only
Superior ergonomic syncro control, for heavy duty executive comfort. Unique crank back tension adjuster, infinite locking, ergo-tilt self leveling seat and integrated seat slider.

Mechanical Functions:

- Ergo-tilt self leveling seat
- Gas cylinder seat height adjustment

VOSS EXECUTIVE SERIES

Best Selling Voss Executive Model: 1V39-40C-22A8-13air

WELCOME TO THE VOSS SERIES!

Full series offering full and mid scale executive, management and operational/task solutions!

How to specify the Voss chair:

Best selling Voss Executive model: 1V39-40C-22A8-13air *(ref page: 22)*

Step 1. Select the correct cushion configuration (i.e. Seat and back size). This is represented by the first 4 digits **1V39**

Step 2. Choose control you want to use (i.e. Mechanism of chair). This is represented by the next 2 digits 1V39-**40C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 1V39-40C**-22A8**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 1V39-40C-22A8-**13Air**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 1V39-40C-22A8-13Air-**Grade 6 Black Leather.**

Final Net Price = $1,166 + $29 (-13 Air Option) = $1,195

The New Voss Ergo-Seat-Tilt Control (41C)

Voss full size seating boasts an entirely newly designed and engineered proprietary control. The new knee tilt torsion control, has an ergo-tilt, self leveling seat using the latest in body balance technology.

This NEW control was expressly engineered to bring the latest in ergonomic technology to executive seating. Our ergo-self-leveling seat design allows for fluid transition from passive to active sitting positions, using intuitive intelligence and body balance technology.

Best Selling Oslo Executive Model: 7103-32C-17A

WELCOME TO THE OSLO SERIES!

Executive series offering high and mid back executive, management and conference solutions!

How to specify the Oslo chair:

Best selling Oslo Executive Model: 7103-32C-17A *(ref page: 42)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **7103**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 7103-**32C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 7103-32C-**17A**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 7103-32C-17A-**15SC**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 7103-32C-17A-15SC-**Grade 6 Black Leather.**

Final Net Price = $1,373 + $10 (hard floor caster option) = $1,383

CONSTRUCTION

Back Frame:
Uni-mold, tube metal frame with durable metal-to-metal connection fittings inserted into the frame. High back models incorporate an adjustable headrest.

Seat Upholstery Platform:
Kiln-dried, laminated hardwood that incorporates compound curve design and "T-nut"connection hardware.

Foam:
High density, cold cured, molded, CFC-free, polyurethane foam manufactured specially for VIA using a proprietary formula to give our chairs that special initial feel and long lasting comfort.

Connection Hardware:
Inserted into the upholstery platforms are durable metal-to-metal "T-nut" connectors.

Arms:
Six arm styles are available - see pricing pages.

Controls:
Three adjustment control mechanisms are available - see pricing pages and pages 10-11 for details.

Base:
The standard base is five-star, glass filled nylon. Optional chrome, wood and sled bases are available - see pricing pages.

Casters:
The standard casters installed on our chairs are hooded 55mm, heavy duty, twin-wheeled, carpet casters. Optional casters for hard surfaces and stationary applications are available - see pricing pages.

Testing:
All Oslo chairs have been tested to comply with, and in many cases exceed, ANSI/BIFMA standards.

Best Selling Essex Executive Model: 4703-13C-80A

WELCOME TO THE ESSEX & BERGEN SERIES!

Executive series offering high and mid back executive, management and conference solutions! Two different patterns to choose from!

How to specify the Essex chair:

Best selling Essex Executive Model: 4703-13C-80A *(ref page: 48)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **4703**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 4703-**13C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 4703-13C-**80A**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 4703-13C-90A-**15SC**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade.Ensure this is described clearly on your purchase order. 4703-13C-90A-15SC-**Grade 6 Black Leather.**

Final Net Price = $2,515 + $70 (seat slide 13C) +$22 (hard floor caster option) = $2,607

CONSTRUCTION

Back Frame:
Uni-mold, tube metal frame with durable metal-to-metal connection fittings inserted into the frame. High back models incorporate an adjustable headrest.

Seat Upholstery Platform:
Kiln-dried, laminated beech hardwood that incorporates compound curve design and "T-nut" connection hardware.

Foam:
High density, cold cured, molded, CFC-free, polyurethane foam manufactured specially for VIA using a proprietary formula to give our chairs that special initial feel and long lasting comfort.

Connection Hardware:
Inserted into the upholstery platforms are durable metal-to-metal "T-nut" connectors.

Arms:
Four arm styles available - see pricing pages.

Controls:
Three adjustment control mechanisms are available - see pricing pages and pages 10-11 for details.

Base:
The standard base is five-star, glass filled nylon. Optional chrome, wood and sled bases are available - see pricing pages.

Casters:
The standard casters installed on our chairs are hooded 55mm, heavy duty, twin-wheeled, carpet casters. Optional casters for hard surfaces and stationary applications are available - see pricing pages.

Testing:
All Essex chairs have been tested to comply with, and in many cases exceed, ANSI/BIFMA standards.

Best Selling Linate Executive Model: 5503-15C-80A

WELCOME TO THE LINATE SERIES!

Executive series offering high and mid back executive, management and conference solutions!

How to specify the Linate chair:

Best selling Linate Executive Model: 5503-15C-80A *(ref page: 56)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **5503**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 5503-**15C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 5503-15C-**80A**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 5503-15C-80A-**15SC**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 5503-15C-80A-15SC-**Grade 6 Black Leather.**

Final Net Price = $1,019 + $10 (hard floor caster option) = $1,029

CONSTRUCTION

Upholstery Platform:
Kiln-dried, laminated hardwood that incorporates compound curve design and "T-nut"connection hardware.

Foam:
High density, cold cured, molded, CFC-free, polyurethane foam manufactured specially for VIA using a proprietary formula to give our chairs that special initial feel and long lasting comfort.

Connection Hardware:
Inserted into the upholstery platforms are durable metal-to-metal "T-nut" connectors.

Arms:
Six arm styles are available - see pricing pages.

Controls:
Three adjustment control mechanisms are available - see pricing pages and pages 10-11 for details.

Base:
The standard base is five-star, glass filled nylon. Optional chrome and wood bases are available - see pricing pages.

Casters:
The standard casters installed on our chairs are hooded 55mm, heavy duty, twin-wheeled, carpet casters. Optional casters for hard surfaces and stationary applications are available - see pricing pages.

Testing:
All Linate chairs have been tested to comply with, and in many cases exceed, ANSI/BIFMA standards.

Best Selling Carmel Executive Model: 6903-15C-80A

WELCOME TO THE CARMEL SERIES!

Executive series offering high and mid back executive, management and conference solutions!

How to specify the Carmel chair:

Best selling Carmel Executive Model: 6903-15C-80A *(ref page: 62)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **6903**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 6903-**15C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 6903-15C-**80A**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 6903-15C-80A-**15SC**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 6903-15C-80A-15SC**- Grade 6 Black Leather.**

Final Net Price = $652 + $10 (hard floor caster option) = $662

- SIDE CHAIR

Best Selling Conference Dyce Model: 5301-11C-4A

WELCOME TO THE DYCE SERIES!

Executive series offering high and mid back executive, management and conference solutions!

How to specify the Dyce chair:

Best selling Dyce Model: 5301-11C-4A *(ref page: 69)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **5301**

Step 2. Choose control you want to use (i.e.mechanism of chair). This is represented by the next 2 digits 5301**-11C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 5301-11C**-4A**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 5301-11C-2A-**15SC**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 5301-11C-2A-15SC-**Grade 5 Black Leather**.

Final Net Price = $504 + $10 (hard floor caster option) = $514

- MANAGEMANT
- CONFERENCE

Best Selling Heathrow Model: 9903-15C-2A

WELCOME TO THE HEATHROW SERIES!

Executive series offering High Back (Big and Tall) executive and Mid Back Executive/Conference seating solutions!

How to specify the Heathrow chair:

Best selling Heathrow Model: 9903-15C-4A *(ref page: 80)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **9903**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 9903-**15C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 9903-15C-**4A**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 9903-15C-4A-**15SC**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 9903-15C-4A-15SC**-Grade 5 Black Leather.**

Final Net Price = $958 + $10 (hard floor caster option) = $968

CONSTRUCTION

Upholstery Platform:
Kiln-dried, laminated hardwood that incorporates compound curve design and "T-nut"connection hardware.

Foam:
High density, cold cured, molded, CFC-free, polyurethane foam manufactured specially for VIA using a proprietary formula to give our chairs that special initial feel and long lasting comfort.

Connection Hardware:
Inserted into the upholstery platforms are durable metal-to-metal "T-nut" connectors.

Arms:
Five arm styles are available - see pricing pages.

Controls:
Heavy duty adjustment control mechanism is available - see pricing pages and pages 10-11 for details.

Base:
The standard base is five-star, glass filled nylon. (Due to the large size required, no other base options are available).

Casters:
The standard casters installed on our chairs are hooded 55mm, heavy duty, twin-wheeled, carpet casters. Optional casters for hard surfaces and stationary applications are available - see pricing pages.

Testing:
All Heathrow chairs have been tested to comply with, and in many cases exceed, ANSI/BIFMA standards.

Best Selling Terra Model: 124-3C-10A3

WELCOME TO THE TERRA SERIES!

Heavy duty task series offering 3 back and seat sizes, suitable for any large ergonomic standards program.

How to specify the Terra chair:

Best selling Terra Model: 124-3C-10A3 *(ref page: 91)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 3 digits **124**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 124-**3C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 124-3C-**10A3**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 124-3C-10A3-**14AB**. You can add as many options as you like in the same manner.

Step 5. Elect your fabric or leather grade. Ensure this is described clearly on your purchase order. 124-3C-10A3-14AB-**Grade A Insight Ebony**

Final Net Price = $267 + $10 (width adjustable arm) = $277

CONSTRUCTION

Seat Upholstery Platform:
Kiln-dried, laminated hardwood that incorporates compound curve design and "T-nut"connection hardware.

Back Upholstery Platform:
Injection molded plastic that incorporates a reinforced, compound curved design and "T-nut"connection hardware.

Outer Protective Shells:
Durable, scuff resistant injection molded plastic that may be upholstered.

Foam:
High density, cold cured, molded, CFC-free, polyurethane foam manufactured specially for VIA using a proprietary formula to give our chairs that special initial feel and long lasting comfort.

Connection Hardware:
Inserted into the upholstery platforms are durable metal-to-metal "T-nut" connectors.

Arm Pads:
Durable but supple self-skinned urethane.

Arm Height Adjustment:
Achieved by trigger activation located under the front of the arm cap.

Controls:
Four adjustment control mechanisms are available - see pricing pages and pages 10-11 for details.

Base:
The standard base is five-star, glass filled nylon. Optional chrome and wood bases are available - see pricing pages.

Casters:
The standard casters installed on our chairs are hooded 55mm, heavy duty, twin-wheeled, carpet casters. Optional casters for hard surfaces and stationary applications are available - see pricing pages.

Testing:
All Terra chairs have been tested to comply with, and in many cases exceed, ANSI/BIFMA standards.

ESD - ELECTROSTATIC DISCHARGE

-15ESD ○

To specify use grade 5 pricing and choose the chair model without arms (Important: must be specified without arms). This price includes an ESD fabric (see specification below), ESD casters, a polished chrome base and all chair components are linked with a conducting conduit system that carries off static charges before sufficient build-up can occur.

Static Fabric is not stocked at VIA: Our VIA 48-hour manufacturing process starts when we receive the static fabric from the supplier.

99% nylon, 1% carbon fiber. Resistivity (TREK Meter: 20% relative humidity, OHMS/sq) 1.3 x 10 exp 6.
Static Fabric colors include: Mid Blue (light blue), Grey Flannel (light grey), Charcoal (dark grey), Burgundy, Navy (dark blue), Midnight (black), Forest (dark green).

TB - 133 (CALIFORNIA TECHNICAL BULLETIN 133)

-21TB133 ○ $40 Net.

To specify a chair with TB-133 (fire proofing), you must also specify upholstered back shell: 22UBF or 22UBL and add the appropriate Net price.
See page 5 for further information on TB-133.

Please Note: Additional COM/COL is required for TB-133! Please send in COM/COL requirements for seat/back cushions and the back shell.

Best Selling Riva Model: 3403-24C-10A4

WELCOME TO THE RIVA SERIES!

Heavy duty task series offering 2 back sizes and 3 seat sizes, suitable for any large ergonomic standards program!

How to specify the Riva chair:

Best selling Riva Model: 3403-24C-10A4 *(ref page: 102)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **3403**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 3403-**24C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 3403-24C-**10A4**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 3403-24C-10A4-**14AB**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 3403-24C-10A4-14AB-**Grade A Insight Ebony**

Final Net Price = $282 + $10 (width adjustable arm) = $292

CONSTRUCTION

Seat Upholstery Platform:
Kiln-dried, laminated hardwood that incorporates compound curve design and "T-nut"connection hardware.

Back Upholstery Platform:
Injection molded plastic that incorporates a reinforced, compound curved design and "T-nut"connection hardware.

Outer Protective Shells:
Durable, scuff resistant injection molded plastic that may be upholstered.

Foam:
High density, cold cured, molded, CFC-free, polyurethane foam manufactured specially for VIA using a proprietary formula to give our chairs that special initial feel and long lasting comfort.

Connection Hardware:
Inserted into the upholstery platforms are durable metal-to-metal "T-nut" connectors.

Arm Pads:
Durable but supple self-skinned urethane.

Controls:
See pages 10-11 for details.

Base:
The standard base is five-star, glass filled nylon. Optional chrome and wood bases are available - see pricing pages.

Casters:
The standard casters installed on our chairs are hooded 55mm, heavy duty, twin-wheeled, carpet casters. Optional casters for hard surfaces and stationary applications are available- see pricing pages.

Testing:
All Riva chairs have been tested to comply with, and in many cases exceed, ANSI/BIFMA standards.

ESD - ELECTROSTATIC DISCHARGE

-15ESD ○

To specify use grade 5 pricing and choose the chair model without arms (Important: must be specified without arms). This price includes an ESD fabric (see specification below), ESD casters, a polished chrome base and all chair components are linked with a conducting conduit system that carries off static charges before sufficient build-up can occur.

Static Fabric is not stocked at VIA: Our VIA 48-hour manufacturing process starts when we receive the static fabric from the supplier.

99% nylon, 1% carbon fiber. Resistivity (TREK Meter: 20% relative humidity, OHMS/sq) 1.3 x 10 exp 6.
Static Fabric colors include: Mid Blue (light blue), Grey Flannel (light grey), Charcoal (dark grey), Burgundy, Navy (dark blue), Midnight (black), Forest (dark green).

TB - 133 (CALIFORNIA TECHNICAL BULLETIN 133)

-21TB133 ○ $40 Net.

To specify a chair with TB-133 (fire proofing), you must also specify upholstered back shell: 22UBF or 22UBL and add the appropriate Net price.
See page 5 for further information on TB-133.

Please Note: Additional COM/COL is required for TB-133! Please send in COM/COL requirements for seat/back cushions and the back shell.

BRISBANE

- TASK
- OPERATIONAL
- SIDE CHAIR

Best Selling Brisbane Model: 2803-5C-18A5

WELCOME TO THE BRISBANE SERIES!

Heavy duty task series offering 3 back sizes and 4 seat sizes, suitable for any large ergonomic standards program!

How to specify the Brisbane chair:

Best selling Brisbane Model: 2803-5C-18A5 *(ref page: 118)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **2803**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 2803-**5C**

Step 3. Choose arm style (depends on aesthetic and functiona considerations). This is represented by the next 2 digits 2803-5C-**18A5**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 2803-5C-18A5-**12AIR1**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 2803-5C-18A5-12AIR1**-Grade A Insight Ebony**

Final Net Price = $382 + $32 (Air lumbar) = $414

Width with arms 23.25"

CONSTRUCTION

Seat Upholstery Platform:
Kiln-dried, laminated hardwood that incorporates compound curve design and "T-nut"connection hardware.

Back Upholstery Platform:
Injection molded plastic that incorporates a reinforced, compound curved design and "T-nut"connection hardware.

Outer Protective Shells:
Durable, scuff resistant injection molded plastic that may be upholstered.

Foam:
High density, cold cured, molded, CFC-free, polyurethane foam manufactured specially for VIA using a proprietary formula to give our chairs that special initial feel and long lasting comfort.

Connection Hardware:
Inserted into the upholstery platforms are durable metal-to-metal "T-nut" connectors.

Arm Pads:
Durable but supple self-skinned urethane.

Controls:
Three adjustment control mechanisms are available - see pricing pages and pages 10-11 for details.

Base:
The standard base is five-star, glass filled nylon. Optional chrome and wood bases are available - see pricing pages.

Casters:
The standard casters installed on our chairs are hooded 55mm, heavy duty, twin-wheeled, carpet casters. Optional casters for hard surfaces and stationary applications are available - see pricing pages.

Testing:
All Brisbane chairs have been tested to comply with, and in many cases exceed, ANSI/BIFMA standards.

ESD - ELECTROSTATIC DISCHARGE

-15ESD ○

To specify, use grade 5 pricing and choose the chair model without arms (Important: must be specified without arms). This price includes an ESD fabric (see specification below), ESD casters, a polished chrome base and all chair components are linked with a conducting conduit system that carries off static charges before sufficient build-up can occur.

Static Fabric is not stocked at VIA: Our VIA 48-hour manufacturing process starts when we receive the static fabric from the supplier.

99% nylon, 1% carbon fiber. Resistivity (TREK Meter: 20% relative humidity, OHMS/sq) 1.3 x 10 exp 6.
Static Fabric colors include: Mid Blue (light blue), Grey Flannel (light grey), Charcoal (dark grey), Burgundy, Navy (dark blue), Midnight (black), Forest (dark green).

TB - 133 (CALIFORNIA TECHNICAL BULLETIN 133)

-21TB133 ○ $40 Net.

To specify a Brisbane task chair with TB-133 (fire proofing), you must also specify upholstered back shell: 22UBF or 22UBL and add the appropriate Net price.
See page 5 for further information on TB-133.

Please Note: Additional COM/COL is required for TB-133! Please send in COM/COL requirements for seat/back cushions and the back shell.

Best Selling Voss Task Model: 2V22-12C-39A8

WELCOME TO THE VOSS SERIES!

Heavy duty task series offering 2 back sizes and 3 seat sizes!

How to specify the Voss chair:

Best selling Voss task Model: 2V22-12C-39A8 *(ref page: 130)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 4 digits **2V22**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 2V22-**12C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 2V22-12C-**39A8**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 2V22-12C-39A8-**15SC**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order. 2V22-12C-39A8-15SC-**Grade A Insight Ebony**

Final Net Price = $313 + $10 (hard floor casters) = $323

- SIDE CHAIR

Best Selling Palmer Task Model: 152-18C-60A7

WELCOME TO THE PALMER OPERATIONAL/ TASK/CONFERENCE SERIES!

Operational/task/conference series offering 2 back sizes and 1 seat size!

How to specify the Palmer mesh back chair:

Best selling Palmer task Model: 152-18C-60A7 *(ref page: 136)*

Step 1. Select the correct cushion configuration (i.e. seat and back size). This is represented by the first 3 digits **152**

Step 2. Choose control you want to use (i.e. mechanism of chair). This is represented by the next 2 digits 152-**18C**

Step 3. Choose arm style (depends on aesthetic and functional considerations). This is represented by the next 2 digits 152-18C-**60A7**

Step 4. Add on any options you would like. All appropriate options are Neted on the bottom of the page. This would be tagged on to the end of the model number. 152-18C-60A7-**15SC**. You can add as many options as you like in the same manner.

Step 5. Select your fabric or leather grade. Ensure this is described clearly on your purchase order.152-18C-60A7-15SC-**Grade A Insight Ebony**

Final Net Price =480 + $32 (seat slide) + $10 (hard floor casters) = $522

CONSTRUCTION

Upholstery Platform:
Kiln-dried, laminated beech hardwood that incorporates compound curve design and "T-nut"connection hardware.

Foam:
High density, cold cured, molded, CFC-free, polyurethane foam manufactured specially for VIA using a proprietary formula to give our chairs that special initial feel and long lasting comfort.

Connection Hardware:
Inserted into the upholstery platforms are durable metal-to-metal "T-nut" connectors.

Arms:
Two arm styles are available.

Controls:
Heavy duty adjustment control mechanism is available - see pricing pages and pages 10-11 for details.

Base:
The standard base is five-star, glass filled nylon.

Casters:
The standard casters installed on our chairs are hooded 55mm, heavy duty, twin-wheeled, carpet casters. Optional casters for hard surfaces and stationary applications are available - see pricing pages.

Testing:
All Palmer chairs have been tested to comply with, and in many cases exceed, ANSI/BIFMA standards.
