NEW – Voss Mid Back Mesh with Adjustable Ratchet Back

Innovative in the industry, Voss Mesh now joins Palmer Mesh as leaders in mesh technology, comfort, and customization to the end user's desire. Stylish, functional, and affordable, Voss Mid Back Mesh now sports an adjustable ratchet back.

The 2R12 Mid Back Mesh with Standard (A) Seat, and the 2R22 Mid Back with Medium (B) Seat are available now with an adjustable ratchet back function to support ergonomic health. The new Voss Mesh Back chairs also feature the same controls – Knee Tilt, Posture Back, and Syncro Control with Seat Slide - you have come to know with the Voss. Arm options also have not changed.

VIA seized on the opportunity to provide enhanced options on the already superb form and functionality of the Voss family. Voss boasts of 100% recyclable, comfort fit, four way stretch multi-filament mesh and is available in four different colors. This strikingly good looking task chair provides suitability for heavy duty task or conference room applications.

Together with Palmer Mesh, VIA now offers two elegant solutions that combine the contemporary look of mesh with the highest levels of ergonomic functionality.

Try it for yourself and see how VIA Mesh Back chairs separate us from the competition with our core values of comfort, quality, craftsmanship, and reliability.
